

### Suggestion 1 (English)

Draw your favourite book character and write a short character description.

### Suggestion 2 (Geography)

Create a weather diary for a week. You could write, draw or take photographs of the weather.

### Suggestion 3 (PSCHE)

Design a healthy packed lunch. Think about what healthy snacks you could have. Don't forget a drink!

### Suggestion 4 (Science/DT)

Follow the instructions on the link below to make a sundial. You could take a photo or bring your sun dial into school to show the class.

Dear Parents/Carers,

Your child will receive a weekly English and a weekly maths based activity linked to their class work. Homework will be set and given to children on a Friday. It will be shared in class the following Friday.

As many of the children enjoy the more creative topic based homework, we will give this half-termly list of tasks. Your child is expected to choose and complete at least one task and bring it into school before the end of term.

All tasks carry Dojo point rewards! We will be sharing, celebrating and displaying the work that is brought into school.

Please ask if you have any questions.

Mr Stuckey

**Pine Martens Homework Sheet**  
**Autumn Term 2020**  
**2nd half**

Ongoing tasks -

- Learn weekly spellings.
- Read at home and fill out diaries.
- Weekly maths and English task.
